

SILUETAS PARA TRAZO (LETRA LIGADA EN MINÚSCULA)

Se prohíbe la copia, distribución y venta del material compartido GRATUITAMENTE a través de los enlaces de la web www.playfunlearning.es

Instrucciones del material:

1. Imprimir las hojas (a una cara)
2. Plastificarlas
3. Recortarlas
4. Practicar el trazado con un rotulador de pizarra blanca

Indicaciones de las letras:

- ♥ El útil de escritura no se levanta desde que se apoya en ● hasta encontrar el final de la letra o en su defecto una ★
- ♥ Cuando encontramos una ★ debemos levantar el útil de escritura para apoyarlo en otro punto ya que la letra no está acabada.
- ♥ La posición de la hoja debe girarse 45° en el sentido contrario de la lateralidad dominante del niño respetando la ergonomía postural (definida a partir de los 5 años aproximadamente) [ver vídeos en Instagram]
- ♥ No se pisa la línea de escritura; todas las letras se trazan “desde abajo” y no pisando la zona en la que vamos a escribir.
- ♥ El agarre de la pinza trípode ha de estar controlado para esta actividad y el paso previo al principio alfabético es la conciencia fonológica que consiste en una habilidad oral que nada tiene que ver con letras.
